Identify the measure of the missing angle. Only put the measurement of the angle in the box and there are 13 boxes. If you get "stuck" go back to last week's videos and formative to help you OR you could just "google" it.

Remember to email your finished paper to your teacher. You must put your name, grade, and math in the blank.

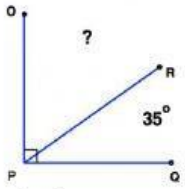

Remember:

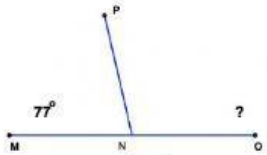

Supplementary angles = _____

Complementary angles = _____

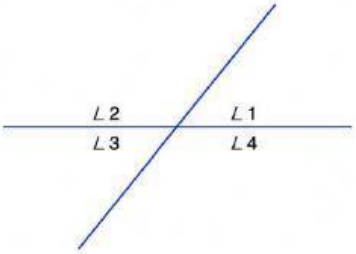

Sum of the interior angles of a triangle = _____

Angle = _____

Angle = _____

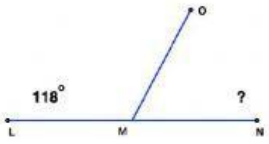

∠1 = _____

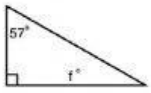

∠2 = 129°

∠3 = 51°

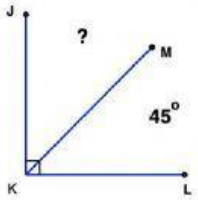

∠4 = _____

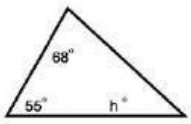

Angle = _____

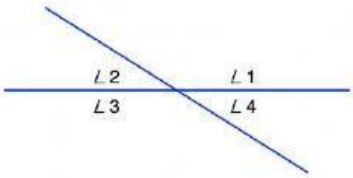

f = _____

Angle = _____

h = _____

∠1 = 148°

∠2 = 32°

∠3 = _____

∠4 = _____
