Listening and Speaking

Let's listen.

Listen to the information.

The Centre of Excellence for the Paralympic Games Malaysia in Kampung Pandan, Kuala Lumpur is a centre for National Paralympic athletes. The objective of this centre is to train disabled national and state athletes to achieve excellence in sports internationally.

Among the sports facilities provided at the centre are a swimming pool, an archery range, a basketball court, a multipurpose court, goalball, and badminton courts.

Goalball is played by blind athletes. A team rolls the ball into the goal post while the opposing team blocks the ball with their body.

In addition, the centre has an administrative block, a hostel which can accommodate 300 athletes, and an underground car park.

The centre is also open to the public, Special Education school children, and amateur paralympic athletes.

Fill in the blanks.
