warm all year.-----
7. Is the measurement of how high  
above ground something  
is.....
8. Is a mild climate with seasonal  
weather.....
9. Is the measure of how far north  
or south the equator a place  
is.....
10. Is the process in which heat is  
trapped in Earth's atmosphere

B

- a. Heat of burn  
fuels, transportation  
smoke, electricity.
- b. Greenhouse effect
- c. Climate
- d. Latitude
- e. Temperate
- f. Elevation
- g. Precipitation,  
temperature
- h. Equator
- i. Polar
- j. Tropical.
