Lesson 4: Next to me

Oh here you are, (1)..... in this

trashy bar

Another glass and I'm going places

Makes me laugh, about the irony of

everything

I like the way you're thinking

I don't really (2)..... on the dancefloor

I don't really mind all smokers in the

bathroom

I don't care at all, baby you got my attention

So you were saying?

Oh I don't, see (3).....

It's quite a lonely world that we're living in

But baby you are, something special I'm sure

Everything makes total sense

When you're next to me

Where you wanna go? I'm all about

(4).....

Another drink and I'll go anywhere

The way you smile, like a flash in the

universe

You are illuminating

I don't really care about the people in the

barline

I don't really mind all the whoo-girls doing

stage dives

I don't care at all, baby you (5).....

So you were saying?

I don't, see the logic of things

It's (6)..... world that we're living in

But baby you are, something special I'm sure

Everything makes total sense

When you're next to me

Even if I told you, I (7).....

I am not so sure you'd believe me

But if I (8)....., I will never let you

go, no

I don't, see the logic of things

It's quite a lonely world that we're living in

But baby you are(9)....., something

special I'm sure

Everything makes total sense

When you're (10).....

Everything makes total sense

When you're next to me
