Lesson 17: Being Single

Being single has its advantages and disadvantages. I think it's better to stay single (1) ..... You also (2) ....., when you want. Being single in your twenties gives you lots of time to go travelling, (3) ..... (4) .....in their twenties and then want to settle down in their thirties. I think (5) ..... can be sad. (6) ..... or attached and people (7) ..... I think being single (8) ..... The longer you stay single, the harder it becomes to settle down. In some countries, people think you're strange if (9) .....

Lesson 18: Doctors

Doctors are cool. They spend all their day (1) ..... There can't be many (2) ..... (3) ..... but I was no good at science. I think doctors are among (4) ..... They should get paid lots and lots of money. It's not right that bankers get paid more. (5) ..... They never seem to panic or get angry. (6) ....., he or she has always made me feel better – (7) ....., but also because of their kindness. (8) ..... and knowing all kinds of stuff about the human body. (9) ..... because then (10) .....
