William Nelson
I'm having a great vacation here in Australia! I spent a week in Sydney and now I'm in Queensland, just north of Brisbane.
Last weekend I went to the national park with a group of friends. First, we hiked through the forest. Then we came to a platform. The river was about 90 meters below us! The instructor showed us how to use the rope and safety harness. Then we walked to the edge of the platform and jumped off! I have been skydiving before, but I've never done anything like this. The first time was really terrifying. But the second time it was amazing. It felt just like flying! We spent more than three hours there. Then we walked back to the car and drove back home. I was very tired! I really want to go again next weekend!
