

NATURAL SCIENCE

Unit 8 Energy

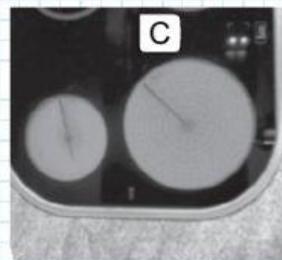

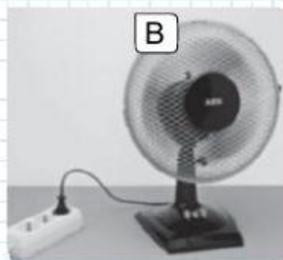

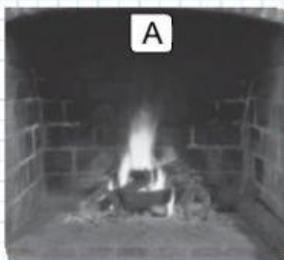

1. Write in the rubbish bin the odd one out. Then, write the corresponding form of energy of the other ones.

| | | | |
|-------------|-----------|----------|------------|
| a. kite | bike | computer | skateboard |
| b. radiator | the Sun | blender | fire |
| c. water | batteries | food | fuel |
| d. star | candle | snow | torch |

- a.
- b.
- c.
- d.

2. Match each picture to its corresponding energy transformation.

-
-
-
-

chemical energy → mechanical energy
chemical energy → thermal energy
electrical energy → mechanical energy
electrical energy → thermal energy
