

Picture composition

Arrange the following sentences in a correct order.

Qurratu was so excited about the project. She thought about what recycling materials she would use for her science model. She was thinking of using various materials such as shoe boxes, tin cans and plastic bottles.

The last 2 days before the science model presentation, qurratu was busy perfecting her house model. It was huge and beautiful. During the science presentation, qurratu happily brought her model.

Then, she also thought about what model she would made for the project. Different kinds of models kept on popping on her head. She thought of making a car or a house.

Finally, the teachers viewed the models and scored them. During the prize presentation ceremony, Cikgu Maria announced Qurratu as the winner of the science project. Qurratu was so happy to get that expensive prize.

At home, she asked her parents to help her decide whether to make a car or a house. Both of her parents chose to make a house.

Last Monday, Cikgu Maria assigned Qurratu's class a science project using recycled items. She also told the class that the winner of that project will be given an expensive prize.
