TASK 1

Arrange the following sentences to form a sequential dialog!

Yudi : I knew it from a local newspaper. Anyway will you participate in the competition? As I know, you are good at robotics.

Yudi : I hope so. I think the competition is good to improve students'skills and knowledge at robotics. I wish there will be a robotics competitionfor senior high students too, so I can attend it. You know, I attend a robotic extracurricular club at my school, but I am still an amateur.

Yudi : Farah, I heard that your school attends a national robotic competition in Yogyakarta. Is that true?

LIVEWORKSHEETS

Yudi : It's good news. Let's prepare ourselves for the competition

Yudi : Sorry to hear that. Personally, I think you are talented at robotics competition. Perhaps, you were just unlucky at that time. There will be many opportunities. I believe you can improve your skills and create better robots.

Farah : Really? We can study robotics together then. I heard from mybrother that this campus would hold an open robotics competition. We canenter the competition.

Farah : yes, it is. How did you know?

Farah : Ok. I think we should focus on robotics. When we have difficulties, we can ask my brother.

Farah : No, I won't. I failed in the selection test.

Farah : Thanks for your support. I must say that my school representatives are better than me. I once watched their performance at a provincial competition and they showed the best. I hope they win the competition
