Topic: Problem Solving – Subtraction Facts

Baker Robert had a busy day last Monday. Read the following problems he had and solve each. Put your answer in the box provided.

1. He had 6 bags of flour but used up 4 bags on Sunday. How many bags of flour did he have left?
2. He ordered 8 bags of sugar, but the supplier said they can only delivery 5 bags of sugar on Monday. The rest would be delivered on Wednesday. How many bags of sugar will be delivered on Wednesday?
3. He had 7 boxes of butter and 3 boxes melted on Saturday because the fridge was not working. How many boxes of butter did he have left?
4. He baked 9 boxes of cookies. Then he sold 2 boxes of cookies. How many boxes of cookies were left?
5. There were 4 boxes of muffin cups in the storage room. After Baker Robert took 3 boxes of muffin cups to the kitchen, how many boxes of muffin cups were left in the storage room?
6. There were 5 cinnamon rolls and he ate 5. How many cinnamon rolls are left?
