3 Replace the phrases in bold with the ones below.

Having a sister is great, but having a twin sister is fantastic! Suzan understands me completely, and **1) never leaves my side when I need her.**

This doesn't mean that we don't have our share of problems, though. We may be very similar in character and appearance, but each of us still has habits that **2) really annoy the other**. For example, Suzan **3) hates it very much** when I play loud music. She also says that when I call someone, 4) I **talk to them for hours and hours!** As for me, I really don't like the fact that Suzan **5) always leaves her side of our room messy.** This means that I have to clean the whole room, which **6) makes me very angry.**

But all these don't really matter. No matter how angry we sometimes make each other, we always forgive one another in the end!

A never get off the phone _____

B never tidies up _____

C gets on my nerves _____

D can't stand it _____

E is always there for me _____

F drive each other crazy _____
