One of my TV shows is the show Lost. It is about people on a who crash into an and they have to figure out how to survive on the island without from the outside. And they have to hope that someone will come find them. Meanwhile they have to find , find shelter and they have to help those who are wounded or sick. And there's also a on the island and they don't know what it is so they have a lot of to solve.

My favourite television to watch is Grey's Anatomy. I've been Grey's Anatomy since it first aired and I've watched it in French, I've watched it in English. Actually, I still keep up with it in English, I watch it on each that it comes out. And... I don't know why I like it so much I think it's just the drama type of show. I like dramas but I guess it has something with the with Meredith Grey. I don't know it's just , keeps my interests for some reason.
