Determine the basic operating conditions of simple vapour compression systems

1- Complete the table .write the refrigeration processes

| <u>No</u> process | process |
|-------------------|---------|
| 1-2               |         |
| 2-3               |         |
| 3-4               |         |
| 4-1               |         |

Evaporation

Compression

Condensation

Expansion
