

SUMA PORTANT PER DESCOMPOSICIÓ

Visualitza el vídeo.

Ara et toca practicar. Si ho necessites fes servir un llapis i paper.

$$\begin{array}{r} \textcircled{58} \\ + \textcircled{25} \\ \hline \textcircled{\quad\quad} \\ \hline \textcircled{\quad\quad} \end{array}$$

Visual representation of the addition 58 + 25 using base ten blocks. The number 58 is represented by 5 tens rods and 8 units cubes. The number 25 is represented by 2 tens rods and 5 units cubes. The sum is represented by 7 tens rods and 13 units cubes, which is equivalent to 8 tens rods and 3 units cubes (83).

$$\begin{array}{r} \textcircled{44} \\ + \textcircled{47} \\ \hline \textcircled{\quad\quad} \\ \hline \textcircled{\quad\quad} \end{array}$$

Visual representation of the addition 44 + 47 using base ten blocks. The number 44 is represented by 4 tens rods and 4 units cubes. The number 47 is represented by 4 tens rods and 7 units cubes. The sum is represented by 8 tens rods and 11 units cubes, which is equivalent to 9 tens rods and 1 unit cube (91).
