Is an expensive vacation just a dream right now? Take a "staycation" instead! A staycation is a vacation where you stay at home. You can do cool things with your family. You can sleep in your own bed. You don't need your passport! Here is our day-by-day guide to an awesome staycation.

MONDAY Dance like crazy to your favorite songs. At night, sit together on your sofa to watch your favorite movies.	TUESDAY Look for fun project ideas on the Internet. Choose one to make together. Find an easy recipe online. Make dinner together.
WEDNESDAY During the day, plant seeds in your backyard or in pots. At night, camp out in your backyard or at a campground. See how many stars you can name.	THURSDAY Spend time in the library. Read a good book. Later, go to a park near your home. Feed the birds and the ducks.
FRIDAY Visit a museum or art gallery in your city. You can be an artist, too! Bring crayons and paper. Draw a copy of one of the works of art you see.	SATURDAY Draw pictures or print photos of things you did with your family. Create a scrapbook with memories of your staycation! So awesome!

Match the activities with days of the week.
