Locket in My Pocket

Do you know what a locket is? Well, it's a little case that hangs on a necklace. A locket opens and has pictures inside. I have one that's been in our family for a really long time. My grandpa gave it to my grandma before they were married. Many years later, Grandma gave it to my mom, and now it's mine. My locket is very special to me.

Many lockets are shaped like a valentine heart, but mine is round. It's shiny gold and hangs on a long chain. The front has leafy vines and tiny pink flowers carved in it. Some of the vines are smooth from my mom and grandma rubbing it with their fingers.

Inside my locket, there are pictures of my grandma and grandpa when they were young. Grandma was pretty. She had curly blonde hair. Grandpa looked so different. He had dark hair and didn't wear glasses like he does now.

I open and close my locket over and over again just to feel it in my hand and hear the

click it makes. My

mom says I shouldn't do it so much.

I might wear it out. She says I should

be careful with it. Someday, I can pass

it down to my daughter, so she can

enjoy it as much as I do
