SIMILE OR METAPHOR

A **simile** is a comparison between two things that uses the word **like** or **as**: Her smile is as bright as sunshine.

A **metaphor** is a direct comparison between two things that does not use **like** or **as**: Her smile is sunshine. The word **metaphor** is more broad and can also refer to a variety of ways of comparing or connecting different things, including those that don't use words at all.
