Kindness to animals

Little children, never give
Pain to things that feel and live:
Let the gentle robin come
For the crumbs you save at home
As his meal you throw along
He'll repay you with a song:
Never hurt the timid hare
Peeping from her green grass lair,
Let her come and sport and play
On the lawn at close of day;
The little lark goes soaring high
To the bright windows of the sky,
Singing as if there always spring
And fluttering on an untired wing
Nor do these gentle creatures wrong.

(10) Read the paragraph given below and answer the questions.

Music is a pattern of sounds made by musical instruments, singing or computers, or a combination of these intended to give pleasure to people listening to it. There are many singers local and foreign who compose songs for various purposes such as films, love and affection, hatred, fun and so on. Music can do a lot of things to people because it gives some kind of feeling for a person.

There is music such as ambient, canned, chamber, country and dance. Ambient is a type of music that has no tune or beat but it is intended to relax people. Canned music or Muzak is recorded music that is a type of classical music that is written for a small group of musicians so that it can be performed easily in a small room in the past in a private home. A popular music called country music is based on a type of traditional music from the western and southern US. The dance music is also a kind of music with a strong beat that people dance in night clubs.
