

Song: Flying home

Listen to the song and fill in the blanks.

Out of the window, I can see

A and a below me.

There's an in a over there.

It looks very small from the air.

The are over and
we're on a plane,

Flying home and back to school again.

From up here, high in the sky,

I can see the passing by.

There's a in a forest on
the right.

This is a beautiful sight.

Chorus

From my window, I can see

A big town below me.

There are lots of little and streets, too,

And cars and in a queue.

Chorus
