I'm a new student.

Hello! My name is Yoko Chin. I'm 12 years old and my birthday is on 1st December. My parents are Japanese, but I was born in Hong Kong, China.

My family and I are living in Amsterdam, the capital city of the Netherlands. My father is working as an engineer in a Japanese factory in Amsterdam. I have got two brothers and one sister. I have got long, straight, dark hair and dark eyes. I'm tall and slim.

I like music very much. I like pop music, but I prefer classical music - my favourite composer is Schubert.

I've got a stereo in my bedroom, but I haven't got many CDs. I can play the piano. I have got piano lessons every day except on Saturdays and Sundays.

I am a new student at St. Mary's School, but I haven't got many school friends yet, because this is my first year at this school. I like school very much and my favourite subjects are Science and Music, of course.
