

WILL IT STORM?

Look at the screen to see the pictures in color.

Photo #1: Rowboat

What clouds are in the sky?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No

Would you row across the lake? Why or why not?

Photo #2: Picnic

What clouds are in the sky?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No

Would you have a picnic here? Why or why not?

WILL IT STORM?

Photo #3: Beach

What clouds are in the sky?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No

So would you go for a swim? Why or why not?

Photo #4: Same beach, later that day

What clouds are in the sky now?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No

Would you go for a swim now? Why or why not?

WILL IT STORM?

Photo #5: Baseball game

What clouds are overhead?

cumulus cumulonimbus stratus stratocumulus

What clouds are in the distance?

cumulus cumulonimbus stratus stratocumulus

What kind of clouds are coming your way?

cumulus cumulonimbus stratus stratocumulus

Are the clouds that are coming your way
stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

So would you play ball? Why or why not?
