Written Expression

Directions: In questions 16–40 each sentence has four underlined words or phrases. The four underlined parts of the sentence are marked (A), (B), (C), and (D). Identify the **one** underlined word or phrase that must be changed in order for the sentence to be correct. Then, on your answer sheet, find the number of the question and fill in the space that corresponds to the letter of the answer you have chosen.

Example I

The octopus <u>is</u> (A) a unique animal <u>because</u> (B) <u>they</u> (C) has three <u>functioning</u> (D) hearts.

Sample Answer

The sentence should read, "The octopus is a unique animal because it has three functioning hearts." Therefore, you should choose (C).

Example II

The beagle, <u>one of the most</u> (A) <u>ancient</u> (B) breeds of dog <u>known</u> (C), <u>originating</u> (D) in England.

Sample Answer

The sentence should read, "The beagle, one of the most ancient breeds of dog known, originated in England." Therefore, you should choose (D).

Now begin work on the questions.
