

INCA EMPIRE WORKSHEET

1. Read the following text about The Incas

The Inca Empire

The Incas were a Pre Colombian Civilization that lasted for about one hundred years. They were established near the Andes Mountain region in what is now Perú. They were polytheistic because they worshipped the god Sun called Inti. Their counting system was the Quipu, it consisted on making knots to a 2 meters string to calculate crops and population. Although they had no written language they spoke Qechua. They built suspension bridges, sacred huge temples, terraces which were used as an irrigation system for agriculture among others. They were considered as one of the most adveanced societies in the world.
