My family and I have traveled around the world. We have seen a very tall tower in France, _____ . We have also seen the _____ , an old building in India. It was _____ in 1643. We had a discussion about the best inventions in history. My mom thinks that the _____ is the best invention. She uses it to chat with her friends. She also really likes the _____ because it helps people with directions. My dad disagrees and thinks the _____ is the most important invention. It lets people read or work at night. It was _____ by Thomas Alva Edison. My brother said that _____ is the most important invention because we need it to breathe. I laughed at him and told him that oxygen was not an invention because nobody made it. It was _____ in 1772. I'm not sure which invention is the best, but I'm happy that so many famous inventors have helped us through the years. Maybe I'll invent something one day.
