

READING

LIFE IN SPACE

Sleep

Astronauts float so it's difficult to sleep in space. Astronauts have sleeping bags on the wall so they can sleep. It's very sunny so lots of astronauts have sleeping masks.

Fun

Spaceships are small so it's difficult to do sports in space. Exercise is important so astronauts do lots of sport. They can run and ride exercise bikes. Lots of astronauts like reading books too.

Food

Things float so it's difficult to eat in space. Space food is in small boxes and bags so astronauts can eat. Lots of astronauts eat fruit, nuts and sweets.
