B . Choose the best answer based on the statement

Noni fruit looks like a green grenade with a lumpy texture because of its seed pits. The tree bears fruit all year round. Once the fruit is picked, it only takes three month to get a new one. The fruit has foul smell and tastes bad in its raw form.

31. Which of the statements below is TRUE?

A. The tree bears fruit 3 times a year.

B. The fruit will fall from the tree when it ripes.

C. The raw fruit does not have smooth texture.

D. The ripe fruit smells bad.

In the past, kite flying is related to a few superstitions. One belief was that if the kite string broke and drifted into someone's house, it was considered a bad omen. If the owner would attempt to reclaim it, the house owner would have to punch two holes in the kite to help dispel bad luck.

32. Which of the statement below is TRUE?

A. Flying kite will bring bad luck.

B. Superstitions is always related to bad luck.

C. A kite owner should never reclaim the kite back.

D. Superstitions are no longer believed in the modern days.
