Ram and Shyam are discussing their plans for the weekend.

Ram: What are you doing this weekend, Shyam?

Shyam: I don't have any special plan.

Ram: How do you like the idea of going for a picnic to the Dal Lake?

Shyam: That sounds lovely, but I will have to seek my parents' permission.

Ram: I'll come to your house this evening and request your parents to allow you to join the picnic.

Shyam: Hey, that's a good idea.

Ram: Should I come over in the evening?

Shyam: Yes, I don't think they are going out tonight.

Ram: Then I'll definitely come and meet them.

Q1. Read the passage and answer the following questions:

Online learning is one of the imminent trends in the education sector around the globe. This mode of learning is done through the internet. With advanced and upgraded technologies, this mode of learning has been made simpler. Online Education is also preferred in higher learning Institutions. Online education provides a myriad of advantages for people, as well as companies. This method is different from traditional method of teaching.

Online education is an amendable instruction delivery process that includes any learning that takes place via the internet. It enables educators to communicate with students who may not be capable of enrolling in a classroom. With online classes, we don't need to travel to a different city or commute long distances. We can stay where we are and keep our current job while we work toward improving our career with an online degree. Online education also helps digital nomads—someone who espouses a technology-enabled or location-independent lifestyle. We can watch lectures and complete our coursework wherever we are.
