

SCIENCE YEAR 2

EFFECTS OF MOVING AIR

Prepared by: Mdm. Rohanah Ismail

How does moving air affect our lives? LS 9.2.4

Moving air causes the floor to
..... (dry/wet) faster
after being mopped.

Moving air causes windmills to
..... (spin/not spin) to
generate electricity.

Charcoal fire will
(flare up/not flare up) when
fanned

Dandelion flower seeds can
..... (fly/dissolve) when
the air moves.
