

This calculation uses the **grid method** to show the answer to 6×47 :

×	40	7
6	240	42

$$240 + 42 = 282$$

Answer: $6 \times 47 = 282$

Use the grid method to work out these multiplications.

a) 4×58

×		

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Answer: $4 \times 58 = \underline{\quad}$

b) 3×85

×		

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Answer: $3 \times 85 = \underline{\quad}$

d) 9×35

×		

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Answer: $9 \times 35 = \underline{\quad}$

c) 5×64

×		

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Answer: $5 \times 64 = \underline{\quad}$

e) 6×73

×		

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Answer: $6 \times 73 = \underline{\quad}$
