

Fairytale

Alexander Rybak

Years ago
when I was smaller / younger
I kinda liked
a boy / girl I knew

She was sweet / mine
and we were sweethearts / friends
That was then,
but then it's sad / true

I'm in love
with a pretty girl / fairytale
even though
it hurts / it is true

'Cause I don't care
if I lose my money / mind
I'm already cursed

Every day / night
we started fighting
Every day / night
we fell in love

No one else
could make me happier / sadder
But no one else
could lift me high / more above

I don't know / tell
what I was doing
When yesterday / suddenly
we fell apart

Nowadays
I cannot find her / love
But when I try / do
we'll get a brand new start

I'm in love
with a pretty girl / fairytale
even though
it hurts / is true

'Cause I don't care
if I lose my money / mind
I'm already cursed...
