I always wake up at 5 o'clock in the morning since I set my phone alarm at that hour. Then I exercise for about 30 minutes so that I am always healthy and don't easily get sick. At 5.30, I tidy up my bed then take a bath. After that, I get ready for school. I usually go out of my room at six fifteen. My mom is at the kitchen to make breakfast and I help her prepare coffee for mom and dad and milk for myself. We usually have breakfast together, but sometimes my dad goes to work earlier so my mom will put the food in the lunch box and my dad will have breakfast at his office. I go to school at six thirty and study until 1 p.m., so I always have lunch at school's canteen. I usually go to the library afterschool when I have a lot of homework, meanwhile on Tuesday and Thursday, I will go straight home to have private lesson with my English tutor. In the afternoon, usually at 4 p.m., I go cycling with my friends or just go to my friend's house. Next, I take a bath as soon as I get home then help my mother to make dinner. We usually have dinner at 6.30. After washing dishes, I go to my room to study until 9 p.m. After that, I watch some funny videos on the internet or just listen to some ASMR videos. Those videos make me sleepy easily, so I go to bed after shutting down my laptop and turning off the lamp.
