Eng 201- Unit 4. Writing – Describing charts

Task. Complete the analysis of the pie chart with the following missing words (numbered 1-5).

1- the most	2- Sara's monthly income	3- budget
4- savings	5. 5%	

The pie chart shows Every month she splits her monthly income on 8 things. The pie chart shows that Sara spends on her rent (25%). She spends (20%) of her salary on her car, (15%) on bills, another (15%) on....., and (10%) on food. She also spends on each of the following: clothes, entertainment and miscellaneous. Overall, Sara spends her monthly income wisely as she splits the total on important things yet she considers her fun time and savings within her monthly planning.
