1. Select the correct answers based on the information from activity B and activity C.

B Read the following instructions.

1. Zaenab, Mumun, and their classmates want to play *Uler Kelabang*. The game consists of 5 to 10 players. Zaenab and Mumun become the gate of *Uler Kelabang* game. They do *suten*.

2. The winner of *suten* can choose a moon or a star as the password of the gate.

3. Zaenab and Mumun hold their hands up together like a gate. The other players stand in a line. They walk around, pass the gate, and sing the game's song together.

4. At the end of the song, the gate traps one player.

5. The gate asks the password to the trapped player. If the player asks moon, the player stands behind Zaenab. If the player asks star, the player stands behind Mumun.

6. After all players stand behind Zaenab and Mumun, Zaenab and Mumun do *suten* again. The winner gets all the members.

7. Mumun loses the *suten* and she becomes the hunter. She has to pull out the players from Zaenab's back. Zaenab and other players have to run away from her.
