CONJUNCTIONS

Conjunctions are words that join words or sentences.

These are **conjunctions**: **and** **or**

The conjunction **'and'** is used to join words and sentences that have similar ideas.

The conjunction **'or'** is used to join words and sentences in order to show **choice** (often have question mark **'?'** at the end).

Example:

1. 

The shoe is yellow **and** white.

2. 

This is an apple **and** an orange.

3. 

Is this a pen **or** a pencil**?**

4. 

He must come with his mother **or** his father.

B. Look at each picture carefully. Then, select the correct word in the brackets.
