Well, I had a long talk with Dad the other day and he convinced me, I'm going to make a few changes in my life. And anyway, today is a new year, time for a new start! First, I'm going to exercise more. I ate too much over the holidays! Then I'm going to get a new job soon. I'm a waiter in a restaurant and I hate my boss because he's really mean. He makes me stay late and he keeps my tips! I want to be a web designer, so I'm gonna go back to school and get my bachelor's. I'm going to learn a new language too. I always wanted to speak Chinese.

I'm also going to move out of my mom's house and get an apartment with some friends and I'm going to buy a new car. I'm thirty-two—I think it's time! And I'm going to find a new girlfriend—I'm so lonely! So... "How are you going to do all this?" I hear you ask. Here's my plan:

Well, after lunch, I'm going to exercise with my friend, Carl, and then tonight, I'm having dinner with my mom to tell her I'm leaving home. Next week I'm talking to a career specialist and I'm starting a Chinese class. And... I'm going on a date tomorrow night. Wow! Wish me luck!

What do you think of my plan? How's your New Year going to be?

comment: Hi Alex! I think this is a good plan. But why are you going to learn Chinese? Why don't you learn Spanish or Portuguese?

B Re-read and complete the table. What do you think of Alex's plan? Write a comment to encourage him.
