A colorful space-themed illustration featuring a rocket launch, astronauts, and alien structures. A math problem is overlaid on the scene. The problem is a vertical addition:

$$\begin{array}{r} 348 \\ + 112 \\ \hline 226 \\ \hline \square \square \square \end{array}$$

The numbers 3, 4, 8, 1, 1, 2, 2, 6 are in white boxes. The plus sign is to the left of the second row. The result boxes are empty. The background shows a rocket launching from a red planet, with astronauts and alien structures.

211 + 721 = ?
