A	T	O	M	S	E	G	N	A	H	C

Instructions: Find the underlined words in the above find-a-word:

Everything - including you - is made of matter. Matter is made up of tiny particles called atoms. On earth, matter comes in three forms: solids, liquids and gases. Through heating and cooling, matter can change its state. Ice is a solid, but when it is melted, it becomes a liquid (water). Heating liquid turns it into a gas (water vapour).
