Read the text about Robert Blank

Famous rock star Robert Blank is from Melbourne, Australia.

When he was ten years old, his parents gave him a guitar because he loved music. Robert started to take guitar lessons and in 2010 he formed a band with two friends. The band was excellent so they sometimes played at school or in clubs and parks.

In 2013 they were the best rock band in town so they won a prize and in 2014 they travelled to Sydney to be in a concert in the Opera House. There were lots of fans outside the Opera House! In 2015 they made their first CD which was very popular on radios and discos. In those days, One Direction was the most popular band in the world but, in Australia, Frank was more popular than One Direction!

Now Robert is the most famous musician in Melbourne and he travels all over the world. Last week he was in Paris and today he is playing in the Lincoln Centre in New York. He is very happy: it is important for him to play his music for his fans!
