Part III – Conversations at the Hospital

Direction: Read the conversation below, analyze the given information and answer the questions.

Medical Check Ups

- Nurse:** When was your last checkup Miss Smith?
- Patient:** I had one several years ago when I joined my company.
- Nurse:** What did they say?
- Patient:** They said I was fine.
- Nurse:** How old are you?
- Patient:** I am 28.
- Nurse:** I recommend that you have a complete check up.
- Patient:** What for?
- Nurse:** To make sure that you do not have any infections or other ailments.
- Patient:** Do you think it is necessary?
- Nurse:** Yes I do. Let me explain it to you. Regular checkups can save your life. Women should have a pap smear for cervical cancer and a mammogram for breast cancer.
- Patient:** I see. Should we do the tests now?
- Nurse:** Yes, you should. Since you are young, you should have a checkup every 2 years until you are 40, and then annually after that.
- Patient:** It seems to be so much trouble.
- Nurse:** You can do everything in less than an hour. We need a blood sample, chest x-ray, stool, urine tests and a routine physical examination. It is very quick, convenient and reasonably priced.
- Patient:** I appreciate you taking your time to talk to me. I am beginning to understand the importance of regular checkups.

26. When was the patient's last check up?
- several years ago
 - last year
27. What did the nurse recommend to the patient?
- The nurse recommends having a complete medical checkup.
 - The nurse recommends having a complete dental checkup.
28. Why is it necessary to have complete medical checkup?
- Regular medical checkup can put life at risk.
 - Regular medical checkup can save life.
29. What kind of checkup should be done with young people?
- Young people should have checkup every 2 years until 40, then annually after that.
 - Young people should have checkup every 4 years until 40, then annually after that.
30. How long will it take for the medical checkup to be completed?
- Everything will be done in an hour.
 - Everything will be done in less than an hour.

Direction: Complete the conversation by filling out the missing word; get the word(s) from the box.
