I love going on Facebook! Every morning I enjoy reading posts from my friends and looking at the photographs they upload. It's also great for keeping in touch with old friends. If I forget to reply to posts or comments, Facebook reminds me! I also like watching video clips, especially funny ones with animals. Last week I decided to make a video of my cat. I tried to film her in my bedroom but she kept running out of the room! Then the camera stopped working. So I waited until the next day and my brother helped me to study film and photography at college but after yesterday-maybe not! I'd also like a job in programming. I learned to design websites last year. That was fun!
