Listen to the song and circle the word you hear from the choice of **bold** pair.

Living / Loving can hurt; **living / loving** can hurt sometimes
but it's the **only / main** thing that I know
and when it gets **hard / hot**
you know it can get **hard / hot** sometimes
It is the only thing that **helps / makes** us feel alive

Chorus

We keep this **thought / love** in a photograph
we made these **memories / pictures** for **us / ourselves**
Where our eyes are never **looking / closing**
hearts are / ice is never broken
and **time's / hearts** forever frozen **still / solid**
so you can **keep / put** me
inside the pocket of your **faded / ripped** jeans
holdin' me **closer / nearer** til our **eyes / lips** meet
you **won't ever / will never** be alone
wait for me to come home

Loving can **heal, / feel**, loving can **repair / mend** your soul
and is the **only / main** thing that I know
I **know / swear** it will get easier
remember / reminder that with every piece of ya
and it's the only thing we **bring / take** with us when we die

Chorus

And if you **leave / hurt** me
well that's ok baby only **noses / words** bleed
inside these **pages / stories** you just hold me
and I won't **ever / be able to** let you go
wait for me to come home x 4

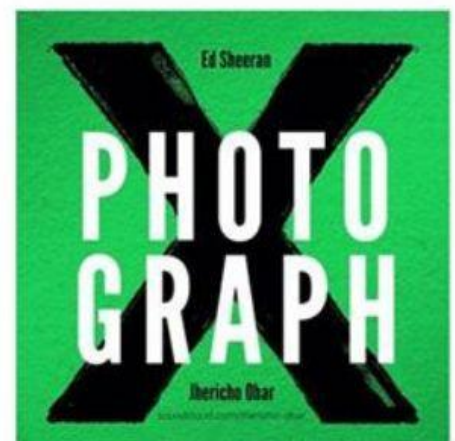

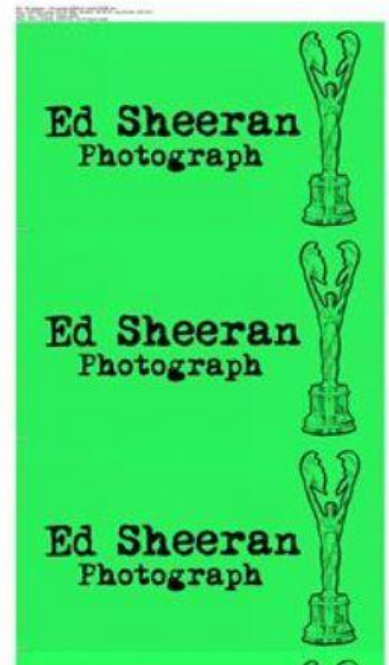

Oh you can fit me inside the **photograph / necklace** you got when you were 16
next to your **heartbeat / soft skin** where I should be
keep it **deep / all** within your soul

And if you **leave / hurt** me
well that's ok baby only **noses / words** bleed
inside these **pages / stories** you just hold me
and I won't **ever / be able to** let you go

When I'm **away / gone**
I will **recall / remember** how you **missed / kissed** me
under the **lamppost / street light** back on 6th street
hearing / heard you whisper through the **wall / phone**
wait for me to come home
