

MATHEMATICS GRADE 9

Name: _____ No. _____ Grade 9/____

EXERCISE

XXXXXXXXXXXXXXXXXX

A. Simple Inequalities

Choose the correct solution on a number line with the provided corresponding interval notation.

1. $x \leq 10$

2. $x > 0$

3. $x \leq -3$

4. $x > -4$

B. Compound Inequalities

Choose the correct solutions on a number line with the provided corresponding interval notation.

1. $-2 < x < 5$

2. $-5 < x \leq 20$

3. $10 < x \leq 40$

4. $0 < x \leq 50$
