

The **less** you spend,

The **higher** you climb,

The **more** we work,

The **brighter** the sun,

The **more** I worry,

The **older** we grow,

The **younger** you begin to learn English,

The **darker** the berry,

The **more educated** women are,

The **stronger** the wind blows,

The **darker** the sky is,

the **happier** people feel.

the **later** they marry.

the **colder** it gets.

the **colder** we feel.

the **heavier** it rains.

the **wiser** we become.

the **more** you save.

the **easier** it is.

the **more** we earn.

the **sweeter** it is.

the **less** I sleep.
