Dear Amutha,

It rained here yesterday. My brother, Harry and I could not go out to play. We felt sad as we had to stay indoors. However my mother said we could play a board game while waiting for the rain to stop. We decided to play Snakes and Ladders. It was so much fun.

Soon the rain became a drizzle. Mother told us we could make paper boats. We could float them in the flooded drains around our house. We quickly made the paper boats. Then we put on our raincoats and went outside. We enjoyed racing the paper boats.

I have to go now. Catch you later.

Your friend,
Nikki
