

Part 1: Find the shaded area of each of the figure below.

1)

Area of triangle = _____ cm^2

Area of rectangle = _____ cm^2

Shaded area = _____ cm^2

2)

Area of semi circle = _____ cm^2

Area of rectangle = _____ cm^2

Shaded area = _____ cm^2

3)

Area of square = _____ cm^2

Area of circle = _____ cm^2

Shaded area = _____ cm^2

4)

Area of small square = _____ cm^2

Area of big square = _____ cm^2

Shaded area = _____ cm^2

Part 2: Find the perimeter and area of each of the figure below.

1)

Perimeter = _____ cm

Area of triangle = _____ cm^2

Area of semi circle = _____ cm^2

Area of the figure = _____

_____ + _____ = _____ cm^2

2)

Perimeter = _____ cm

Area of rectangle = _____ cm^2

Area of triangle = _____ cm^2

Area of the figure = _____

_____ + _____ = _____ cm^2
