Wonderful Tanah Lot

Tanah Lot Beach is a beautiful rocky coastline. It is derived from the word "Tanah" means land and "Lot (lod / laut)" which means the sea; because it is situated on a rock in the sea and resembles a small island floating on the sea, so the people call it Tanah Lot. Tanah Lot is a Hindu shrine built to worship God of the sea (*God Baruna*) to invoke prosperity and the balance of sea and earth. Tanah Lot is located in Tabanan, Bali and it is really easy to get this spot; it takes around 30 minutes from Denpasar and 60 minutes from Ngurah Rai International Airport.

Hindu Temple on the rock is not the only unique spot in Tanah Lot; surfing and sunset scenery are also the other reasons why people want to come. Watching the day come to its end behind this iconic temple can be such a wonderful experience. The Hindu Temple that appears more like a floating structure at high tide is one of the best sunset scenery in Bali. In addition, Tanah Lot has great wave which is good for surfing since it is located opposite to the India Ocean. The best season for surfing is in dry season, it is about April till August given that in this season the wind creates fat and powerful wave for surfing adventures. This beach is good for intermediate and experienced surfers.

Tanah Lot is very suitable to serve as a family holiday because there are adequate facilities such as hotels, restaurants, sunset terrace, Tanah Lot cultural park, art shops, parking area, emergency facilities, security facilities, toilets, rest area, and information center. The Tanah Lot information is also available in any Bali travel guide books or online listings, so that reaching this attraction is very easy. IDR 25.000 is worthy price to enjoy God's gift.

SEA PARADISE WAKATOBI

Wakatobi is hidden paradise of Indonesia in which it is widely recognized as having the highest number of reef and fish species in the world. The islands are also famous as the largest barrier reef in Indonesia, second only to the Great Barrier Reef in Australia. Since the opening of the Matohara Airport on Wangi-Wangi, these remote islands are now more accessible and can be reached by flights from other cities in Indonesia. From Wangi-Wangi, visitors must take a boat to Wakatobi.

Here can be found fringing, atolls and barrier reefs and offer more than 50 spectacular dive sites easily accessible from the major islands. This is the habitat of large and small fish species, the playground of dolphins, turtles and even whales.Wakatobi alone is said to have 942 fish species and 750 coral reef species from a total of 850 of world's collection, which comparing with the two world's famous diving centers, the Caribbean Sea owns only 50 species with 300 coral reef species in the Red Sea, in Egypt. Due to its magnificent underwater life, Wakatobi is fast gaining worldwide attention for its quality dives that can be made by beginners to professionals. Aside from its dive sites, Wakatobi has many superb beaches.
