

1 Multiply these. Count the groups to help.

$$2 + 2 + 2 + 2 + 2 = \square$$

$$2 \text{ multiplied by } 5 = \square$$

$$10 + 10 + 10 + 10 = \square$$

$$10 \text{ multiplied by } 4 = \square$$

$$4 + 4 + 4 + 4 = \square$$

$$4 \text{ multiplied by } 4 = \square$$

$$3 + 3 = \square$$

$$3 \text{ multiplied by } 2 = \square$$

$$5 + 5 + 5 + 5 + 5 + 5 = \square$$

$$5 \text{ multiplied by } 6 = \square$$

$$2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 = \square$$

$$2 \text{ multiplied by } 9 = \square$$

54

1 Complete each of these.

$$2 \times 5 = \square$$

$$10 \times 3 = \square$$

$$4 \times 6 = \square$$

$$2 \times 8 = \square$$

$$3 \times 3 = \square$$

$$5 \times 4 = \square$$
