INTRODUCTION ASSIGMENT

My Family

Hello, I am Mathew Button and I would like to introduce my family. My father is called Quentin and he is 50 years old. He works as an accountant in a big office building in the center of Manchester. He comes from the north of England, from the city of Durham. My mother is 49 years old and is called Hellen. She is a lawyer. She comes from the seaside town of Scarborough and she met my father there when he was on holiday with some friends when she was just 18 years old.

I have two sisters. My sister Jane is the oldest child and she is 24. She works in London for a big company as a computer technician. She has a boyfriend called Malcom who she met at university and who lives with her in London. My younger sister is 18 years old and just finishing school. She wants to go to university to study chemistry. She is very clever.

I am the middle child and am 21 years old. I am at university studying accounting. I will become an accountant like my father. When I graduate I will try to get a job here in Manchester. I do not want to go to London. I am single and do not have a girlfriend at the moment.

My mother's parents, my grandparents, still live in Scarborough and are very old now. They are retired and we often go to visit them. It was fun to go to the seaside and see them when I was small.

Watch the next video and then answer

Hi, my name is Miko. I'm a high school student in San Diego, California and here's what I do on a typical weekday. In the morning I usually wake up at 7:30. I get up and feed the dogs. After that, I get ready for school. I wash my face, have some breakfast, brush my teeth, and get dressed. My online classes are from 8:30 to 3:30. After school, I exercise, do homework, and text with my friends. After dinner, I finish my homework and then watch some TV before going to bed. My days are never exactly the same, but that's what I usually do on weekdays.

8. Where does she live?

- California
- Santa Barbara, California
- San Diego, California
