

Part 1: Match the number sentence to the correct answer.

$(9 \times 8) \div 4$

60

$(3 + 7) \times 6$

50

$15 - (63 \div 7)$

20

$(100 \div 10) \div 10$

36

$(11 \times 11) \div 11$

1

$(52 \div 2) + 24$

6

$(10 \times 10) \div 5$

18

$(12 - 9) + 7$

11

$(8 \times 7) - (5 \times 4)$

10

$(81 \div 3) \div 9$

3

Part 2: Write the answer of the following multiplication number sentences on the blank.

$609 \times 400 =$	
--------------------	--

$6,570 \times 700 =$	
----------------------	--

Part 3: Write the answer of the following division number sentences on the blank.

$63,000 \div 350 =$	
---------------------	--

$1,791 \div 191 =$	
--------------------	--
