

# Christmas

Once there was a rich and a wealthy man named Nicholas who live happily. He loved children very much. His hobby was to make toys with wood for children and give to each and every child in his city without asking money.

Christmas came and Nicholas wanted to give a surprise for children. He sat on a chair and started thinking, suddenly Nicholas get up from the chair and ran to his room, took his tools and started making wooden toys. After making many toys he packed it beautifully and dropped them to a big sack. Then he went to each house and climbed to their roof and threw each gift through the chimney. After finishing the gifts he returned to his home.

Next year again Christmas came and before 2 days Nicholas made a reindeer and kept all the gifts in it and on Christmas he went at night that time unfortunately his reindeer got stuck in the snow. Nicholas tried so much but he couldn't move the reindeer. That time, a fairy came. "Hey Nicholas, I have seen you many times helping others so I will help you now" saying this she waved her hand and small elves appeared and the reindeer started flying. Nicholas said very very thanks and continued his way.
